New candidates that joined Voy - overview in Workable

New candidates since new web is launched are marked "Sourced". This is not correct as it should say "Applied".

Sourced is when we find a candidate and uploads to the system.

The screenshot shows the Voy Talent Workable interface. The top navigation bar includes links for JOBS, CANDIDATES, INBOX, and PEOPLE SEARCH. The main content area displays three job listings:

- Motion Designer** (Stockholm, Stockholm County, Sweden): 2 Sourced, - Applied, - Phone Screen, - Interview, - Offer, - Hired. Candidates: 2 total - 2 active in pipeline - Last candidate: 7 days ago.
- Voy Community** (Switzerland): 5 Sourced, 81 Applied, - Phone Screen, - Interview, - Offer, - Hired. Candidates: 89 total - 86 active in pipeline - Last candidate: 5 days ago.
- Voy Talent Scout**: 1 Sourced, 5 Applied, - Phone Screen, - Interview, - Offer, - Hired. Candidates: 6 total - 6 active in pipeline - Last candidate: 5 days ago.

A red circle highlights the '2 Sourced' and '- Applied' counts for the Motion Designer job. A red arrow points from the text on the right to the 'Applied' count.

Here is how it shows when I look at a job. A candidate that is marked Sourced does not end up in the right box - should be Applied.
